## Digital Certificates

Dear Customers,

TÜV SÜD Product Service and its certification bodies all over the world are stepwise changing new issued certificates from “printed” certificates to digitally signed “pdf-only” certificates.

Our digital signature is visible on top of the pdf (e.g. Adobe® Acrobat Reader; display may vary, if using other pdf Software):

It protects the certificate pdf from modification and indicates to all recipients that this is a genuine certificate pdf issued by TÜV SÜD.

TÜV SÜD Product Service is using a unified digital signature, displaying “TÜV SÜD Product Service GmbH” for all digitally signed certificates. This ensures global recognition and trust.

The legal identification of the certificate issuing Certification Body is part of the pdf content in the footer, e.g.:

Page 1 of 2  
TÜV SÜD America Inc. • 10 Centennial Drive • Peabody • MA 01960 • USA

The signature of the Certification Body’s approving person is also displayed in the certificate pdf: e.g.:

  
C.D.  
Christoph Dicks  
Head of Certification/Notified Body

The digital signature (blue bar) does not tell about the TÜV SÜD Product Service certificate’s validity status. This can be verified at [www.tuvsud.com/ps-cert](http://www.tuvsud.com/ps-cert).
